HISTORY and VISION

Fer-Celik was established in 1980 in BALIKESİR / TURKEY by Mr. Feridun ÇELİK. In the beginning, the company produced only bicycle forks. Soon after, the company went on to produce different types of bicycle frames.

In 2009 we started to produce motorcycle frames. In short time we manufactured motorcycle frame for most of Turkish motorcycle companies. Yearly we produce 300.000 bicycle frames and 150.000 motorcycle frames for our domestic and international customers.

In 2003 company made new investment on packaging industry and opened Fer-Celik Packaging CO. It's manufacturing many types of carton boards and boxes. In 2012 with new factory and new corrugating board production line, we increased our production capacity quality and price competition. Right now we have 1200 tones paper cartonboards production capacity per month. Generally we produce boxes and boards food, bicycle, motorcycle, automotive, plastic and can packaging cold beverage industries etc...

In 2012 we established ERÇELİK Motorcycle CO. And started to produce 2 model of motorcycle locally, from 2012 to now a days, we produce around 2000 motorcycle in our region our motorcycle production line can produce 50 units of motorcycles per day.

Our mission is to manufacture a variety of high quality products and satisfy our customers not only with the quality of our products, but also with our dependability. To realize this aim, all companies have TSEK (Turkish Standard Institution) quality certification, ISO 9000:2001 - ISO 9001:2008 - ISO 14401:2004 - OHSAS: 18001:2007.

With our 3 companies, over 30 years experience and around 200 staff we could be your supplier, manufacturer or business partner for future...
